

ATLANTIC PREMIUM PLUS 2-CYCLE OUTBOARD OIL TC-W3

Superior Performance Two-Stroke Outboard Engine Oil

DESCRIPTION

ATLANTIC PREMIUM PLUS 2-CYCLE OUTBOARD OIL TC-W3 is a high performance, two-stroke engine oil that is designed for many high performance, water-cooled two-stroke engines used in outboard marine applications. It offers clean engine and environmental performance. The combination of special base oils and additive guarantees long life. ATLANTIC PREMIUM PLUS 2-CYCLE OUTBOARD OIL TC-W3 can be used at up to a 1:50-fuel ratio depending on the manufacturer's recommendation.

APPLICATIONS

ATLANTIC PREMIUM PLUS 2-CYCLE OUTBOARD OIL TC-W3 is recommend for use in two-stroke engines manufactured by Johnson, Mercury, OMC, Evinrude, Mariner, Force, Mercruiser, Yamaha, Suzuki, Nissan and Tohatsu or where NMMA TC-W, TC-WII or TC-W3 oils are recommended. It is also suitable for use in light to moderate duty, air-cooled two-stroke engines that are used in power mowers, chain saws, leaf blowers and lawn trimmers.

PROPERTIES

ATLANTIC PREMIUM PLUS 2-CYCLE OUTBOARD OIL TC-W3 is formulated from high purified conventional mineral oils and an ashless dispersant additive system providing outstanding protection against exhaust port deposits, corrosion and wear. Spark plug fouling and pre-ignition are also minimized promoting flawless operation. The product is ideal for use in both modern and older two stroke engine models.

PRODUCT BENEFITS

- Non-toxic to marine life
- Excellent detergent properties at high temperatures
- Protects against sludge formation
- Light burning, ashless formulation prevents pre-ignition, plug fouling and exhaust port blocking
- Good dispersant properties
- High thermal and oxidation stability
- Effective anti-wear and load carrying properties
- Promotes cleaner combustion and reduced deposits in combustion area
- Superior anti-seizure and anti-scuffing performance.
- Excellent moisture tolerance

RECOMMENDATIONS / SPECIFICATIONS

Meets or exceeds the quality requirements of API TC, NMMA TC-W3

TYPICAL TECHNICAL PROPERTIES

PRODUCT CODE:	ML-250601
Density at 15°C, g/ml, ASTM D4052	0.873
Kinematic Viscosity at 40°C, mm²/s, ASTM D445	52.9
Kinematic Viscosity at 100°C, mm²/s, ASTM D445	8.45
Viscosity Index, ASTM D2270	134
Flash Point(COC), °C, ASTM D92	108
Pour Point, °C, ASTM D97	-36
Color, Visual	Blue

Note: These characteristics are typical of current production. While future production will conform to Atlantic's specification, variations in these characteristics may occur.
