

ATLANTIC MARINOLS

Super High-Performance Marine Diesel Engine Oil

DESCRIPTION

ATLANTIC MARINOL series are engine oils for highly rated high-speed diesel engines, particularly recommended for the lubrication of highly turbo-charged engines running under very severe conditions.

ATLANTIC MARINOL S are super high-performance mono-grade diesel engine oils designed for the highest output, high-speed diesel engines, burning distillate fuel and is formulated to give better engine protection and longer drain intervals than normal diesel engine oils. They are especially suitable for the high power/weight units used in fast vessels and compact generator sets.

ATLANTIC MARINOL W is a high performance, multifunctional diesel engine lubricant designed for use in all modern high speed (> 1200rpm) diesel engines, burning distillate fuels with a sulphur content of up to 1% wt.

APPLICATIONS

ATLANTIC MARINOL S has been designed to meet requirements of high-speed diesel engines operating on distillate fuels. Suitable for reduction gears, torque converters and stern tubes.

ATLANTIC MARINOL W is particularly recommended for the lubrication of high-speed propulsion engines e.g. coastal vessels, fishing trawlers, rescue boats and lifeboats, emergency power units, fire pumps (IMO international safety rules) & high speed engine generators under cold conditions.

PRODUCR FEATURES AND BENEFITS

ATLANTIC MARINOL S

- Extended oil drain intervals.
- Excellent detergent and dispersant capabilities guaranteeing engine cleanliness in all running conditions.
- Very good anti-corrosion and anti-oxidation capabilities providing engine durability.
- Excellent anti-wear and extreme pressure performances allowing use in reduction gears.
- Exceptional protection against bore polishing
- Outstanding piston cleanliness

ATLANTIC MARINOL W

- Very stable multigrade feature enabling the lubricant to be used in all seasons.
- Easier engine starts under cold conditions.
- Very high detergent properties at high temperature.
- Very high dispersant properties at low temperature.
- Excellent thermal stability.
- Excellent oxidation resistance.
- Very good antiwear properties.
- Extend the life of engine.
- Longer Oil Life

RECOMMENDATIONS / SPECIFICATIONS

ATLANTIC MARINOL S meets or exceeds the quality requirements of MTU Type II, Wärtsilä, MWM Deutz, Caterpillar 3600 Series.

API service: CH-4, CF, ACEA E7

ATLANTIC MARINOL W meets or exceeds the quality requirements of CUMMINS CES 200-71,-72, 76, (B&C Series) CES 200-75, Mitsubishi, Perkins, Caterpillar: ECF-2, MTU MTL 5044 Category 1 / 2, Mercedes Benz 228.3, MAN 3275, Volvo VDS 2, GM Allison C-4

API service: CI-4, CH-4, ACEA: E3, E5, A2, B3

TYPICAL TECHNICAL PROPERTIES

PRODUCT CODE:	ML-250401	ML-250402	ML-250403
Product Name	MARINOL S 30017	MARINOL S 40017	MARINOL W 15W-40
SAE Viscosity Grade	30	40	15W-40
Density at 15°C, g/ml, ASTM D4052	0.893	0.898	0.888
Kinematic Viscosity at 40°C, mm ² /s, ASTM D445	101	145	105
Kinematic Viscosity at 100°C, mm ² /s, ASTM D445	11	14.3	14.3
Viscosity Index, ASTM D2270	93	96	139
Cold Cranking Viscosity(CCS), mPa s, ASTM D5293, @ -20°C	-	-	6600
Flash Point(COC), °C, ASTM D92	220	230	220
Pour Point, °C, ASTM D97	-18	-18	-33
Total Base Number, mg KOH/g, ASTM D2896	17	17	11
Sulphated Ash, %wt, ASTM D874	1.85	1.85	1.45

Note: These characteristics are typical of current production. While future production will conform to Atlantic's specification, variations in these characteristics may occur.
