

# ATLANTIC SUPER SYNTHECH SAE 0W-40 API SN

(Fully Synthetic Motor Oil)

## DESCRIPTION

This is a full synthetic lubricant based on carefully selected very high-quality base oils of the latest generation, with a large field of application. It offers an excellent fluidity at low temperature, which ensures instant lubrication after starting. This will bring wear to a minimum. Because of its low viscosity, it reduces fuel consumption.

## APPLICATIONS

This oil is suitable for use in all 4-stroke gasoline engines, including those with four valves and turbochargers. It can also be used in 4-stroke diesel engines, with or without turbochargers. However, it should not be used in vehicles with diesel particulate filters.

## PERFORMANCE FEATURES AND BENEFITS

- **Keeps your engine clean for maximum performance and gives total engine protection.**
- **It provides high-quality fuel economy and helps reduce CO2 emissions**
- **Cold start: excellent fluidity at low temperature.**
